Course Fire Risk Assessors Course (Foundation)

Who Should Attend Personnel who intend or are required to carry out fire risk assessments.

Location Rotherham

Length of Course 3.5 days

Accreditation Institution of Fire Engineers

Information On The Course

This course has been designed for personnel who do not have any previous fire safety experience. This course will give personnel, who have no previous fire safety experience, the necessary foundation knowledge to begin our 3.5 day intensive Fire Risk Assessment Course.

The course will include the following information:

- Fire safety legislation
- The role of the fire insurer
- Fire behaviour
- Human behaviour in fire
- Means of escape
- Compartmentation and linings
- Fire resistance
- Emergency escape lighting
- Fire safety signs
- Fire detection and fire alarm systems
- Fire extinguishing products
- Other fire protection measures
- Fire procedures
- Staff training and fire drills
- Inspection testing and maintenance of fire protection systems

This course is led by Colin Todd who is one of the country's leading experts in Fire Safety and Fire Risk Assessments.
